Join the Games Swap Meet

Ante up: Describe your classroom game in 1-2 pages. Include your contact info for follow-up questions.

Your choice of moves:

- Bring 1-2 laminated copies of the description to be placed on the Swap Meet table for people to photograph. Make sure the material is easy to photograph – at least 14 point font, for example.

OR

- Bring 8-10 copies of the description to be placed on the Swap Meet table for people to take with them.

OR

- Bring a laminated/mounted game card with your name, contact info, and a brief description of the game to be placed on the Swap Meet table for people to photograph. (You should have the full description of the game nicely warming in digital form so you can dispatch it to requesters.)

OR

- Bring a laminated/mounted game card with a link to your description as it appears on your webpage/blog/etc. to be placed on the Swap Meet table for people to photograph.

For the game card options, if lamination is not feasible, at least mount the game card so it can be easily manipulated for photographing. Alternatively, bring multiple copies so people can take one away with them.

The Swap Meet moderator will Zamboni the table periodically to smooth access to materials.
